Thurston County *Women's Republican Club*

**EMPOWERING
WOMEN**

WHAT IS OUR PURPOSE?

- To unite the Republican Party
- To encourage women to join our club
- To inspire Republicans to work within the political process

“Any woman who understands the problems of running a home will be nearer to understanding the problems of running a country.” – MARGARET THATCHER

WHO ARE WE?

The Thurston County Women’s Republican Club is a branch of the largest women’s partisan political organization in the U.S., the National Federation of Republican Women.

We believe women are the powerful force for change in the 21st Century.

We believe our strength comes from diversity of opinion, experience, and culture.

We believe in the power of grassroots political activism.

We believe our legacy lies in developing political leaders for the future.

We believe in government that requires personal responsibility while protecting the worth and rights of the individual.

WHAT DO WE DO?

We hold monthly luncheon meetings.

We recruit, support, and elect candidates espousing firm, Republican ideals of economic soundness and the country’s long-term well-being.

We use our influence to affect legislation, elect Republicans to office, and educate women and the public on the issues.

We have access to resources for training in campaign management, and the nuts and bolts of politics.

We offer meaningful ways for members to use their talents and energies.

We strengthen our Republican Party and involve more women in the political process.

WHAT INSPIRES US?

- Strengthening the Republican Party, and involving more women in the political process.
- Seeing women of all age groups and walks of life as key players at the political table on national, state, and local issues.
- Realizing that politics is important because the participation of people in government keeps it honorable and just.
- Bringing women together to positively impact the direction of our nation, and as a collective force to advance the power of women.
